

We are taking a break

Give&Take
das Tauschhaus

The exchange house will be closed per the end of November until further notice

We sincerely thank all our volunteers for their tireless commitment.

Why are we closing?

- Our helpers have to clean and dispose of the junk that is left here free of charge.
- The exchange house should be clean & tidy. Unfortunately, this is rarely the case.
- We have experienced some disrespectful handling of goods. We are not a dumping ground for broken, dirty, and unusable goods.
- This is a cost-free offer for climate protection and only works if visitors act with respect and decency.

Many thanks to all those who have used the exchange house with respect.
